## Selectmen's Meeting

MAY 14, 1985 - by VIRGINIA ARRAL

TOWN BEACH OFFICIALLY OPENS SATURDAY, JUNE 22

The weather may not feel like summer is just around the corner, but when Selectmen last Tuesday met with Al Boucher, beach director, they agreed to open the town beach on Saturday, June 22nd, thus making summer seem that much closer.

At Boucher's recommendation, the following beach personnel were appointed: Myrtle Spagnoli, bathhouse matron; Beatrice Ingram and Bernice Heuberger, parking lot attendants. Lifeguards appointed were Cameron Pease, Janine Myatt, Christopher Riley and Pam Pierce.

Boucher explained the 9-week beach schedule will include the supervised hours of 9:30 a.m. to 5:30 p.m. seven days a week. The beach will officially close on Sunday, August 25th. Selectmen wish to remind residents they may use the beach at any time but they do so without supervision of lifeguards.

Selectman Frank Suzan asked Boucher about the large lifeguard tower that is left on the beach all winter. Suzan felt it did

not look very attractive in that condition. Boucher said the small tower was chained to the fence and that perhaps the larger one could be moved elsewhere next year. Suggested places were the town barn, attached to the raft when it is stored, or on the farther side of the beach.

In other business, Selectmen:

DENIED A REQUEST by Murray Cramer of 24 Flint Locke Road, Randolph for a seasonal all-alcoholic package store license at Mr. Meat on Route 6. Voting to deny were Chairman John DeCosta and Frank Suzan; Selectman James F. Huntoon voted to allow the license.

Speaking on behalf of his application, Mr. Cramer presented a petition with 336 signatures urging Selectmen to grant the application. He noted about 1/3 of the names were those of Mattapoisett residents; the others were from surrounding towns. He explained many customers have requested the store add the sale of liquor. "That's why I'm applying - customer service", said Cramer. Cramer added that Mr. Meat was not really in competition with other package stores as it is closed Mondays and closed at 6 p.m. on Saturday and 9 p.m. other days.

Saying she was speaking on her own behalf as well for Freddie's Package Store on Route 6, Attorney Elizabeth Kunz expressed the opinion there are sufficient package stores in town at the present time in line with the population. It was pointed out that there are licenses available but the board had to use its judgement.

Selectman Huntoon said he sympathized with the petitioner but that, unfortunately, state statutes have given the Selectmen the responsibility to decide what is for the public good. Selectman Suzan said there are three other package stores in a one-mile radius and asked "What is the saturation point of liquor licenses in the state?"

RECEIVED WORD from the Band Committee that the salary of band director J. Craig Lilly has been set at $500. and the assistant director, George B. Murphy, at $250. for the season. The season includes nine 1½ hour concerts, plus rehearsals. The committee's duties will include determining the band's budget and to recommend to Selectmen the director and assistant director. The Personnel Board will be asked to write a formal job description for the duties of the two directors.

DISCUSSED with Robert M. Field of Mattapoisett Neck Road his proposal to apply for a state grant to operate a commercial business growing shellfish from seed. He said he intended to conduct the operation in the Brandt Island area of Mattapoisett Neck.

Selectmen gave their approval to the operation but expressed a desire to place a clause in the agreement pertaining to the town's control of the area under consideration. They agreed on a five-year non-transferable operation, provided it is a success.

Field, a graduate of Old Rochester Regional High School and the University of Maine where he received a B.S. in Aquicultural Engineering and majored in a project in filtration for closed-cycle aquaculture which led to a co-inventorship on a patent application.

Field said he plans to apply for a state grant to grow quahogs from ¼ inch seed to a 2 inch size to harvest for sale. He added he would also like to try blue mussels, softshell clams and whatever other varieties are best for the area.

Field said he had spoken with Shellfish Warden Al Pauline and Pauline had no objection to the project. When Pauline appeared he said he had two conditions he

Guard explained they decided to utilize the electric outlets being used by the bandstand and, instead of a previous plan to prorate their use, they agreed to pay the bill for both the bandstand and their operation for the summer months, estimated at $200. They will also pay a fee of $150. to occupy the site on the wharf.

nesday at 10:00 a.m. and 1½ hours of tape recorded facts on Mattapoisett's history will be the prime effort of this group each week. These are open meetings and all are invited.

Much research is being done to gather information.

Mrs. Dennis (Carrie) Sylvia compiled scrapbooks of all Standard-Times articles pertaining to Mattapoisett from 1932 for 51 years.

Mrs. Charles Hamlin wrote her "Mattapoisett Chronicles" from 1900 to 1957.

The town reports, Presto Press, Improvement Association records, and many other written resources are being pursued.

If anyone has any written historical facts pertaining to this century please contact Bea Johnson, 758-2510, or Mildred Hammond, 758-9586.

Volunteers are needed for research. There is a need for anyone who enjoys journalism to compile these facts into script form. Also, volunteers are needed to work with the video equipment (this is something we can train people to do).

We forge ahead with everyone's efforts!

Remember - old pictures are the key to showing the past.

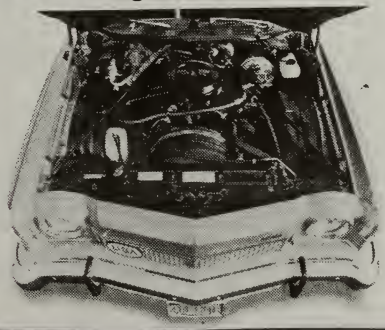
Advanced Cooling System Maintenance



There's more to your car's cooling system than meets the eye. In fact, the inner-workings of your engine and automatic transmission depend on proper cooling.

A dirty cooling system will allow deposits to accumulate in the crankcase. This build-up of deposits can result in costly repairs.

But you can help avoid this expense and inconvenience with WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system while helping to maximize cooling system efficiency.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush the cooling system — including even those hard-to-reach areas.

## Children's Museum

AREA LANDMARK DONATED TO CHILDREN'S MUSEUM "SAVE THE BUCKET FUND"

The Children's Museum Incorporated in Dartmouth has recently been donated the old ice cream bucket that served the area residents rich ice cream out of its 25 foot high structure.

Through the Museum's special "SAVE THE BUCKET FUND", Museum President Charles Dana is leading a community effort to restore the bucket to its original character.

People from the Greater New Bedford area enjoyed a Sunday summer ride into ocean-cooled South Dartmouth to breathe country air, watch Gulf Hill Dairy cows being milked behind the big plate-glass windows and eat an ice cream cone from the bucket just across the street.

The bucket will be moved from its present home at the dairy (just down the street from the Museum) to the Museum sometime within the next three weeks. Anyone interested in contributing to this great endeavor can send their tax-deductible donations to: The Children's Museum, 276 Gulf Road, South Dartmouth, MA. 02748. Gifts are NOT just a drop in the bucket but they ARE a way to restore wonderful memories!

PROGRAM ON "THE AMERICAN WHALEBOAT"

Erik A.R. Ronnberg, Jr., noted model-maker, will present an illustrated program, "The American Whaleboat", at the Whaling Museum Theater on Thursday, June 6th, at 8 p.m.

The number of whaleboats produced for the American whaling industry was prodigious. Over the course of 300 years, between 50,000 and 75,000 of these boats were turned out of shops along the coast of southern New England. Mr. Ronnberg will report on recent research on these craft.

The program will also mark the opening of a special exhibition, BUILDING WHALEBOATS, as well as the publication of a 4-sheet

## Silly Wizard Concert

The original Silly Wizard group, performers of traditional and original music from Scotland, will entertain at Southeastern Massachusetts University on Thursday, May 30th. The concert, a stop in the band's "reunion" tour of the United States, will take place at 8 p.m. in the main SMU auditorium.

"Since 1972, Scotland's Silly Wizard has been an active force in folk and traditional music. Their ability to reshape the traditional idiom using innovative instrumentation (electric piano, electric bass, synthesizer, whistle, guitar, banjo, and accordion) creates a hybrid strain that's refreshingly different," wrote one newspaper critic.

Last together as a group in 1980, all five original band members will be present at the SMU concert: Andy M. Stewart, the band's leader, noted for his stand-up comic, dead-pan Scottish humor; composer Phil Cunningham; Johnny Cunningham, considered to be one of the most highly regarded exponents of Scottish fiddle playing; Martin Hadden, and Gordon Jones.

Tickets prices for the program, which is sponsored by the SMU Eisteddfod Concert Series, are $6.50 in advance and $7.50 at the door. Tickets are available from the SMU Eisteddfod Office (999-8166), Sandy's Music store on Massachusetts Avenue in Cambridge (491-2812), and the Newport, Rhode Island Folklore Society (401-245-2984).

## The Lloyd Center

LLOYD CENTER VOYAGES PROGRAMS RETURNS FROM WASHINGTON, D.D./CHESAPEAKE BAY

The trip was a success! Area students took their April school vacation and traveled with the Lloyd Center staff on a "Voyage" to Chesapeake Bay and the Washington, D.C. area for a week of field study and sight-seeing. The eight students, from Dartmouth, Fall River and Somerset, spent five days and four nights learning about the ecology of the nation's largest estuary and how our government deals with coastal matters. This "Voyage" was generously supported by a donation from Mrs. C. Thomas Clagett of South Dartmouth.

Picture taking with Congressman Gerry Studds highlighted a day in Washington. The students met Congressman Studds during his break between being present for a vote in the House and preparing for his committee meetings. While sitting in the comfortable Marine and Fisheries Committee Room, the students also enjoyed a talk on legislative process by one of Studds' knowledgeable aids, Andy Schwarz.

The students spent an entire day at the Meridith Creek Environmental Education Center with half the day spent on an oceanographic research vessel learning how to use special instruments and recording in-

formation and the other half spent in rowboats, checking crab pots and fish weirs and exploring the many pocket marshes which line the tidal creeks of Chesapeake Bay.

A two mile hike along a trail highlighting research sites at the Smithsonian Environmental Research Center and the National Arboretum were two memorable visits. A late afternoon provided plenty of time for everyone to see the National Zoo; one student frantically writing down the many types of lizards seen to share with her brother upon returning home.

By Wednesday Camp Letts, a 220 acre YMCA year-round facility, was "home". Hot meals and hot showers kept the group going for night walks, hay rides, a crab feast and a heated game of Trivial Pursuit. After a long, full week the group was happy to return to the Lloyd Center and depart in individual cars to their true homes.

As part of the Lloyd Center's on-going "Voyages" program, we will be sponsoring a second trip to the Washington, D.C./Chesapeake Bay area next year, again during Spring vacation.

To reserve a space call the Lloyd Center at 990-0505.

DEXTER RHODODENDRONS WILL PEAK ON SCHEDULE

Thousands of internationally acclaimed Dexter Rhododendrons and azaleas will be aglow in brilliant color over Memorial Day weekend and into the second week of June at Heritage Plantation of Sandwich on Cape Cod.

This outstanding collection of rhododendrons are named for Charles O. Dexter, a rhododendron hybridizer, from the 1920's. He was most noted for creating plants that yield individual flowers that can reach five inches in diameter and give off delightful fragrances. Flower colors range from creams to pastels, to brilliant pinks with blossoms marked by distinctive veining and blotching.

The 76 acres at Heritage Plantation are a perfect place for growing rhododendrons. The trails and walks abound with exciting views around every corner. Visitors are not only treated to a beautiful bloom dis-

## Tour: Myles Standish Forest

On Saturday, June 8th, the Pilgrim Resource Conservation and Development (RC&D) Council will host a tour of Myles Standish State Forest in South Carver. The public is invited at no charge.

The salt sea and the forests of Massachusetts are woven together in our New England heritage. When the Colonists first arrived, the forests in the new land were unbroken. They grew right down to the shore, and extended inland forever. But the Colonists needed cleared land, new homes, and ships, so they went to work, clearing trees with saw, axe, chain, and horse. The King kept the best trees for ships' masts. His trees were marked, and cutting them was punishable by death. Would any of today's trees receive the King's Mark?

On the tour we will see trees that could have been used for masts, and get an idea of how the forests in southeast Massachusetts have changed since Pilgrim days. Dr. William Patterson, a Forestry Professor from UMass, will discuss the natural history of the forest. Some areas have been burned many times, while others have escaped unharmed. There are well-managed stands of red, white, and pitch pine in the State Forest. Austin Mason, the forester in charge of State lands, will discuss modern timber management. Trevor Lloyd-Evans of the Manomet Bird Observatory will be there to discuss fire ecology, the pine barrens, and the many kinds of wildlife found there.

## Self Help Groups

EXTENSION SERVICE OFFERS DIRECTORY FOR SUPPORT NETWORKS IN MASSACHUSETTS

Have you ever noticed when you have a problem how it helps to talk with someone who has had a similar problem? Simply finding others who have "been there" and finally realizing that "you are not alone" can in itself be a great relief. Mutual help support networks ("self-help" groups) do this and more. "Self-help" is a growing movement in Massachusetts as in the rest of the country.

In order to inform citizens in the Commonwealth of the variety of "self-help" groups available, the Cooperative Extension Service of the University of Massachusetts at Amherst has recently published a directory of mutual help support networks throughout the state, reports Ann Marie Holsinger, Extension Home Economist with the Plymouth County Extension Service. This 60-page directory, titled "Support Networks in Massachusetts: A Listing of Self-help Groups for Families and Individuals", is

Mutual help support networks are groups of people coming together to help one another cope with a common problem, situation, illness, handicap, or addiction. People who have faced a crisis help others for whom the crisis is new by sharing their knowledge, experience and understanding. By their caring they are saying, in effect, "I know what it's like; I've been there, too."

The "self-help" movement grew rapidly during the 1970's in this country, and these

## CONTACT LENS PROBLEMS?

Are you one of the growing numbers of past or present unsuccessful contact lens wearers? Or have you been told that you couldn't wear contact lenses because you have astigmatism, need bifocals, or just weren't a good candidate? Well, we don't believe it, and you probably don't either! With today's modern lens materials and advanced lens designs, there are very few prescriptions that cannot be filled with contact lenses. Whether you are interested in gas permeable, daily wear soft, tinted soft, astigmatic soft, bifocal hard or soft or the newer extended wear lenses, we would be more than happy to discuss your individual contact lens needs with you.

For a limited time, we are offering an initial no charge, no obligation consultation to previous unsuccessful contact lens wearers, or those who would like to know if they are suitable contact lens candidates.

If you are sincere about wanting to look and feel younger while successfully wearing contact lenses, we urge you to call us today at 992-EYES or 992-3937 for your no charge consultation.

Remember, you don't have anything to lose except your heavy eyeglasses.

VICTORIAN IMAGES OF THE PILGRIMS' EXHIBIT AT PLIMOTH PLANTATION

Victorian images of the Pilgrims are the subject of a new exhibit which opened May 19th at Plimoth Plantation.

"Aye, Call It Holy Ground", Victorian Images of the Pilgrims, opened in the Reception Center. The exhibit bridges the gap between the popular Victorian image of the Pilgrims and the actual historical one presented by Plimoth Plantation in its 1627 Pilgrim Village and aboard the replica Mayflower.

Visitors will gain an understanding of our emerging heritage because the evolution of the Pilgrim image parallels our country's consciousness of itself as a nation.

The exhibit includes:

*celebrations and monuments created during 19th century Plymouth to honor the Pilgrims.

* memorabilia of the tourist trade from its earliest days to the turn of the century.

pline and techniques through the guidance and critique of a Master. In the workshop, members will be assigned exercises and painting projects which will allow them to continue their artistic growth. Each project will be assigned based on the artist's level of training. At the end of the ten-week workshop the artists will be given the opportunity to mount, show and sell their completed works at the Theatre's new "Galeria", a gift shop for the patrons of the Theatre open during the public performances of the children's and adult theatre. Executive Director of PBT and fine artist Anne Joelle states "The Painting Workshop's production and exhibiting of new works by local South Shore and Cape artists will create a new heightened awareness of the fine arts in Massachusetts. Approximately 10,000 Theatre patrons will view the new works this summer alone. The workshop, as in the days of the Italian Renaissance, will produce new works to elevate and uplift the cultural life of our communities." The Painting Workshop is planned to continue throughout the year, thus forming a working association of fine artists under the guidance of a master to produce new works for the enjoyment of the artistic community at-large.

## Memorial Day Weekend Traffic

The Massachusetts Turnpike Authority, anticipating heavy traffic over the Memorial Day weekend, issued a warning to motorists that the 55 mile per hour speed limit and the enforcement of the drunk driving laws will be rigidly enforced along its 135 mile roadway.

Chairman John T. Driscoll said, "State Police from Troop 'E' which patrol the turnpike, will augment regular radar teams in order to discourage excessive speeding." In addition, radio-equipped emergency service patrol vehicles will assist police in locating and assisting motorists in disabled vehicles. A full force of toll collectors will be at all interchanges across the Commonwealth. He urged motorists to have the correct change at the interchanges so that it will help to speed up delays that may occur due to the heavy holiday traffic.

Chairman Driscoll also said, "Service stations and restaurants along the turn-
